

CITY OF STOCKTON
CANDIDATE PUBLIC INFORMATION RESUME

Candidate for the Office of: Stockton City Council

District 1

Name: Sol Jobrack

May be contacted at: soljobrack@gmail.com

List any post high school education you possess.

I have an A.A. Degree from San Joaquin Delta College.

I have a Bachelor's Degree in Political Science with a minor in Public Relations from San Jose State University.

I have a Masters Degree in Public Administration with a focus in Public Policy from the University of Southern California.

What is your vision for Stockton?

I love this town and believe that because of everything it has to offer it can be great. I envision a safe community where families can raise their children without fear. I hope for clean streets and parks where children can play safely and where families can congregate. I envision a healthy economy where the job market pays well and jobs are plentiful. Finally I envision Stockton being a place where people want to be, because we embrace our diverse community and the cultures that make us stronger.

How have you been involved in the community?

Over the past 4 years, I have served as the Stockton Planning Commissioner for City Council District 1. In the time I been in Stockton, I have volunteered for a variety of activities including community cleanups, volunteering in classrooms, community outreach efforts and umpiring little league.

Describe any work experience you feel translates to public office.

In my career, I have done several things that will help me be a great City Councilmember; I was a reserve police officer and saw first hand the things that negatively affect our community. I have also been a Chief Financial Officer responsible for safeguarding millions of dollars of client money.

Why would you make a good Councilmember?

I have spent the majority of my life in both this district and the City of Stockton. I graduated from Bear Creek High School and now raise my family in this community. I know where we have been and the struggles we have faced as a community. Having been on the Planning Commission the past few years, I have learned a great deal about how our city functions.

Completion of this form is voluntary. It is made available to the public, the newspaper and other media in response to inquiries about candidates.
