1. Overview

The City of Stockton (City) is soliciting proposals from community-based organizations for services to expand and grow Stockton’s entrepreneurial ecosystem. The City has allocated up to $506,000 in funding to the 2023 Stockton Entrepreneurship Ecosystem Grant Program. The funding sources include the American Rescue Plan Act (ARPA) funds and an allocation of Community Development Block Grant (CDBG) funds. This grant program is intended to provide funding toward two identified entrepreneurial ecosystem needs: expanding equitable opportunities and sustainable growth in recovery from the pandemic.

1.1 Federal Funding

The first funding source is ARPA grant funds. The City of Stockton received federal ARPA funding to provide a substantial infusion of resources to help mitigate the impacts of the pandemic, address its economic fallout, and lay the foundation for a strong and equitable recovery.

In 2021 the City approved $9.85 million of ARPA funds over three fiscal years to support economic recovery and the approved Economic Development Strategic Action Plan.

The second funding source is CDBG funds. City of Stockton receives federal funds from the U.S. Department of Housing and Urban Development (HUD) CDBG program to assist low and moderate-income persons, expand economic opportunities, provide decent housing, and/or provide a suitable living environment.

HUD funding is distributed to the City with the expectation that funds will used to fulfill the specific goals, objectives, and priority needs identified in its five-year Consolidated Plan submitted to HUD.

1.2 Program Goals & Objectives

This program provides funding to grow, promote, and celebrate Stockton’s unique entrepreneurial spirit and ecosystem by expanding the reach of business services organizations. The goals of this program are guided by the City's 2020-2025 Consolidated Plan and the City’s Economic Development Strategic Action Plan (EDSAP). These serve as a strategic roadmap, describing the priority projects to support Stockton’s post-pandemic recovery and promote lasting prosperity for all residents.

Priority projects for funding include, but are not limited to, the following areas of focus:
• **One-on-one business consulting and technical assistance** to entrepreneurs, start-ups, and small businesses for business plans, legal services, and growth strategy;

• **Financial consultation and access to capital** to connect eligible entrepreneurs, start-ups, and small businesses to capital financing;

• **Business management services** including diversity equity and inclusion, human resources, insurance requirements, leadership/professional development, recruiting assistance, and personnel.

• **Innovation Assistance** to provide technical assistance and resources to entrepreneurs, start-ups, and small businesses to assist in incorporating strategic technical resources to business (ex. Website development, online POS systems, social media strategy, etc.)

• **Coworking and Incubator Scholarships** opportunities and access to shared workspaces (ex. Scholarships to coworking organizations)

• **Food Incubator Strategies** to provide incubator space, technical assistance, or other resources to support food entrepreneurs.

• **Innovation and Entrepreneur regularly scheduled meetups** to connect entrepreneurs, investors, and industry experts;

• **Startup Weekends** gathering entrepreneurs to kickstart new companies focused on solving stated problems;

• **Pitch Competitions** where startups present their companies and business models for funding promotion;

• **Half-Day or one-day conferences** featuring speakers, break-out sessions, and networking; and

• **Other in-person events** supporting the entrepreneurial ecosystem in Stockton, including seasonal and pop-up markets featuring local small businesses.

The nature of the grant requests programming that requires interaction with minors and begs additional coverage not listed on the website but will be provided if awarded during the contracting phase.

It is the Applicant's responsibility to review the insurance requirements. Submission of an application serves as an agreement that the applicant will be eligible for, obtain, and maintain all necessary insurance.

All coverage shall be provided by a carrier authorized to transact business in California and shall be primary. All policies, endorsements, and certificates shall be subject to approval by the Risk Manager of the City to Stockton as to form and content. These requirements are subject to amendment or waiver.

Failure to comply with these insurance requirements may result in a proposal being deemed unresponsive.
