A reasonable amount as fixed by the Board, payable in one installment from time to time as the occasions arise, to cover the costs of special valuations on account of employees of City and the costs of the periodical investigation into the experience under said Retirement System, as it affects said employees, and the valuation of the assets and liabilities of said System on account of said employees.

Contributions required of City and its employees shall be subject to adjustment by the Board of Administration on account of amendments to the State Employees' Retirement Act, and on account of experience under the Retirement System, as determined by the periodical investigation, valuation and determination provided for by said Retirement Act.
