Community Development Block Grant (CDBG)
Real Property Acquisition Notice of Funding
Availability to Qualified Nonprofit Developers
to Support Affordable Housing Development

Through this Notice of Funding Availability (NOFA) the City of Stockton Economic Development Department is announcing the availability of approximately $1,500,000 in funding for the purpose of property acquisition that will lead to the development of affordable housing. This NOFA is being launched with an initial $1.5 million in CDBG funding, however, as this NOFA is an over the counter NOFA, the City will continue to take applications and add additional funding in the event it becomes available. The City is seeking letters of interest and proposals from qualified nonprofit developers for the purpose of acquiring property that will support the development of affordable housing within the City of Stockton.

Eligible Uses & Property Types:

i. Eligible Uses: Real property acquisition for the purpose of providing or improving permanent residential structures which, upon completion, will be occupied by low- and moderate-income households, as defined by HUD.

ii. Eligible Property Types: Acquisition of vacant land, single family residences, motels, hotels, hostels, or other sites and assets, including apartments or homes, adult residential facilities, residential care facilities for the elderly, commercial properties, and other buildings with existing uses that could be converted to permanent or interim housing.

Eligible properties must be in city limits of Stockton CA.

This NOFA is intended to commit funding to acquire property to propose new affordable housing projects. Housing Projects that have already received funding commitments by the City of Stockton are NOT ELIGIBLE for funding under this NOFA.

Acquisition of real property with CDBG funds is subject to the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA). - Voluntary Acquisitions: Because Federal funds will be used for property acquisition purposes under this NOFA, it is important to note that all property acquisition transactions as a result of this NOFA will be voluntary purchase/acquisition transactions.
- In a voluntary acquisition, an owner is not eligible for relocation assistance.
- If the property acquisition results in displacement of tenants, the tenants must be provided relocation assistance.
