IF WE ARE TO STAY AT HOME, ISN'T IT PRODUCTIVE TO CLEAN THE HOUSE AND YARD TAKING ADVANTAGE OF THIS TIME?

- While this may be productive, we encourage you to comply with the Order issued March 26th, which prohibits all non-essential travel.
- The pertinent portion of that order, at www.sjgov.org/WorkArea/DownloadAsset.aspx?id=32463, would not seem to allow trips to dispose of yard debris or junk that has collected in your garage over several years.
 - If you do have a reason to deem these trips essential, the County-owned Foothill Landfill and Tracy Disposal Material Recovery Facility are still open to all customers because they can safely comply with the County's Stay at Home Order.
 - See <https://www.sjgov.org/solidwaste/> for the address and operating hours of those facilities.
- We thank you for your patience and understanding, while we all adjust to these changes.

ARE THE COUNTY LANDFILLS AVAILABLE TO SELF-HAUL JUNK AND WASTE?

- Garbage disposal is a critical essential service just like grocery stores. Grocery stores have made changes to their hours and procedures to minimize transmission of the COVID-19 virus, and so have the County landfills.
- Foothill Landfill and Tracy Disposal Material Recovery Facility are still open to all customers because they can safely comply with the County's Stay at Home Order.
 - While these facilities are open to all customers, we are urging residents to limit non-essential disposal trips and travel in order to comply with the Health Officer's orders to eliminate non-essential trips.

- Only commercially collected garbage is being received at Lovelace Transfer Station and North County Recycling Center and Landfill to minimize public contact with staff so that the County will have sufficient staff to continue processing and disposing of garbage through the duration of this emergency.

WHAT OPTIONS DO I HAVE TO DISPOSE OF WASTE OR JUNK?

- Currently the only facilities in San Joaquin County accepting self-haul waste are the County-owned Foothill Landfill near Linden and Tracy Disposal Material Recovery Facility.
- You may also call Republic Services and Waste Management — the solid waste and recycling companies that provide services with the City of Stockton — to see if they can provide bin service or a bulk pickup.

WHO DO I CALL IF I SUSPECT THE ORDER IS BEING VIOLATED?

- If you would like to report a suspected violation of the Order, you may call the Stockton Police Department nonemergency telephone number: (209) 937-8377.

These Frequently Asked Questions will be updated as necessary and will be posted to the City's webpage at www.stocktonca.gov/updates.
