 - When passing through the park, please practice social distancing, which is to maintain at least six feet of distance from those who are not members of the same household.
- Additionally, you are permitted to perform Minimum Basic Operations at a non-essential business, provided that owners, employees, and contractors comply with Social Distancing Requirements while carrying out such operations:
 - The minimum necessary activities to maintain and protect the value of the business' inventory and facilities; ensure security, safety, and sanitation; process payroll and employee benefits; provide for the delivery of existing inventory directly to residences or businesses; and related functions.
 - The minimum necessary activities to facilitate owners, employees, and contractors of the business being able to continue to work remotely from their residences, and to ensure that the business can deliver its service remotely.
 - All non-essential businesses carrying out Minimum Basic Operations shall prepare, post and implement a Social Distancing Protocol at each facility or job site at which they are maintaining operations, as specified in Section 12 of the Order, available at www.sjgov.org/WorkArea/DownloadAsset.aspx?id=32463
- If you are sick, you should stay at home and, to the extent you can, isolate yourself from others you live with.

IF WE ARE TO STAY AT HOME, ISN'T IT PRODUCTIVE TO CLEAN THE HOUSE AND YARD TAKING ADVANTAGE OF THIS TIME?

- While this may be productive, we encourage you to comply with the Order issued on April 14, which prohibits all non-essential travel.
- The pertinent portion of that order, at www.sjgov.org/WorkArea/DownloadAsset.aspx?id=32463, would not seem to allow trips to dispose of yard debris or junk that has collected in your garage over several years.

- If you do have a reason to deem these trips essential, the County-owned Foothill Landfill and Tracy Disposal Material Recovery Facility are still open to all customers because they can safely comply with the County's Stay at Home Order.

- We thank you for your patience and understanding, while we all adjust to these changes.

- Garbage disposal is a critical essential service just like grocery stores. Grocery stores have made changes to their hours and procedures to minimize transmission of the COVID-19 virus, and so have the County landfills.
- Foothill Landfill and Tracy Disposal Material Recovery Facility are still open to all customers because they can safely comply with the County's Stay at Home Order.
 - While these facilities are open to all customers, we are urging residents to limit non-essential disposal trips and travel in order to comply with the Health Officer's orders to eliminate non-essential trips.
- Only commercially collected garbage is being received at Lovelace Transfer Station and North County Recycling Center and Landfill to minimize public contact with staff so that the County will have sufficient staff to continue processing and disposing of garbage through the duration of this emergency.

WHAT OPTIONS DO I HAVE TO DISPOSE OF WASTE OR JUNK?

- Currently the only facilities in San Joaquin County accepting self-haul waste are the County-owned Foothill Landfill near Linden and Tracy Disposal Material Recovery Facility.
