You are cordially invited to a Public Information Meeting for the March Lane/East Bay Municipal Utilities District (March Lane/East Bay MUD) Bicycle and Pedestrian Path Connectivity Improvements Project. This path is located along the East Bay Municipal Utilities (EBMUD) right of way adjacent to March Lane from Brookside Road to West Lane.

The project will improve the bicycle and pedestrian path to provide a wider cross-section to afford people of all ages and abilities a comfortable space to travel. Intersection and mid-block improvements, gap closures, and enhanced connections to adjacent uses will promote safer and healthier travel options for residents.

This corridor provides a separate right-of-way and is designated for the exclusive use of people riding bicycles or walking with minimal cross-flow traffic and serves as both a recreational area and/or desirable commuter route.

Usted está cordialmente invitado a una reunión de información pública para el Proyecto de mejoras de conectividad de bicicletas y caminos peatonales de March Lane / East Bay Municipal Utilities (March Lane / East Bay MUD). Este camino se encuentra a lo largo del derecho de paso de East Bay Municipal Utilities (EBMUD) adyacente a March Lane desde Brookside Road hasta West Lane.

El proyecto mejorará el camino para bicicletas y peatones para proporcionar una sección transversal más amplia que permita a las personas de todas las edades y capacidades un espacio cómodo para viajar. Las mejoras serán en las intersecciones y cuadras, los cierres de brechas y las conexiones mejoradas para usos contiguos promoverán opciones de viaje más seguras y saludables para los residentes.

Este corredor proporciona un derecho de paso separado y está diseñado para el uso exclusivo de las personas que viajan en bicicleta o que caminan con un tráfico de tránsito cruzado mínimo y sirve como área recreativa y / o ruta de viaje conveniente.
March Lane/EB MUD Bicycle & Pedestrian Path Connectivity Improvements

Project Improvement
Improvements will widen and reconstruct the existing pathway to Class I Bicycle and Pedestrian Path Standards, which includes installing intersection and mid-block improvements, high visibility crosswalks, striping, and gap closures; upgrading ramps to Americans with Disabilities Act (ADA) standards; installing flashing beacons at Feather River Drive and DaVinci Drive; and improving path connections to adjacent businesses. The project will also add wayfinding signage along the pathway between Brookside Road and Hillsboro Way, on March Lane between Hillsboro Way and West Lane, and on West Lane between March Lane and the East Bay MUD Pathway.

Funding
Funding for the design of this project is from a Congestion Mitigation and Air Quality (CMAQ) Improvement Program grant. Construction funding is from the Active Transportation Plan (ATP) Program.

What Will Happen at the Public Meeting?
A brief presentation of the project improvements will be made at 6:30 p.m. Maps and other information about the project will also be available. You are welcome to attend any time between 6:30 p.m. – 8:00 p.m. to learn more about the project, visit the exhibits, discuss the project with team members, and provide comments.

For More Information
Call the Hotline at (209) 464-8707, Ext. 1, or email Hotline@buethepr.com. Also, feel free to mail your written comments and inquiries to Public Outreach Coordinator, March Lane/EB MUD Bicycle & Pedestrian Path, P.O. Box 4436, Stockton, CA 95204. For information access www.stocktonca.gov/MarchLaneBikePath

Special Accommodations
All meetings are conducted in English. A Spanish-language interpreter will be available at the meeting in accordance with Title VI of the Civil Rights Act, the Americans with Disabilities Act, and California Law. It is the policy of the City of Stockton to offer its public programs, services, and meetings in a manner that is readily accessible to everyone, including those with limited English proficiency or disabilities. If a language interpreter is needed, you are disabled and require a copy of meeting materials in an appropriate alternative format, or if you require other accommodations, please contact Judith Buethe at (209) 464-8707, ext. 1, at least five days in advance of the meeting. Advance notification within this guideline will enable the City to make reasonable arrangements to ensure accessibility.
