Public Meeting Set to Provide Information for March Lane/East Bay Municipal Utilities District (EB MUD) Bicycle & Pedestrian Path Connectivity Improvements Project

(Stockton, CA)—Members of the public are invited to a Public Information Meeting for the March Lane/East Bay Municipal Utilities District (EB MUD) Project on **Wednesday, June 26, 2019, 6:30 p.m. – 8:00 p.m.** at the Community Center, St. Basil Greek Orthodox Church, 920 West March Lane, Stockton.

Members of the public are welcome to attend any time between 6:30 p.m. – 8:00 p.m. to visit the exhibits, review the maps, discuss the project with team members, and provide comments. A brief presentation of the project improvements will be made at 6:30 p.m.

Improvements will widen and reconstruct the existing pathway to Class I Bicycle and Pedestrian Path Standards, which includes installing intersection and mid-block improvements, high visibility crosswalks, wayfinding signage and gap closures; upgrading ramps to Americans with Disabilities Act (ADA) standards; and installing flashing beacons at Feather River Drive and Da Vinci Drive. The project will also add signing and striping along the pathway between Brookside Road and Hillsboro Way, on March Lane between Hillsboro Way and West Lane, and on West Lane between March Lane and the East Bay MUD Pathway.

Funding for the design of the project is from a Congestion Mitigation and Air Quality (CMAQ) Improvement Program grant. Construction funding is from the Active Transportation Plan (ATP) Program.

This corridor provides a separate right-of-way and is designated for the exclusive use of people riding bicycles, walking or jogging with minimal cross-flow traffic and serves as both a recreational area and/or desirable non-motorized commuter route.
Improvements to the bicycle and pedestrian path will afford people of all ages and abilities a comfortable space to travel and will promote safer and healthier travel and recreation options for all users.

The meeting on June 26 will be conducted in English. A Spanish-language interpreter will be available at the meeting in accordance with Title VI of the Civil Rights Act, the Americans with Disabilities Act, and California Law. It is the policy of the City of Stockton to offer its public programs, services, and meetings in a manner that is readily accessible to everyone, including those with limited English proficiency or disabilities.
