Investment Results
5 - 10 years

Intervention
Violence reduction the short term, like harm reduction strategies (Ceasefire)

Investment Results
2 - 3 years

Transformation
Transforming communities so that they do not induce violence:
- Education reform & investment
- Economic development
- Neighborhood revitalization

Investment Results
10 - 15 years
ARE WE TARGETING **THE RIGHT PEOPLE?**

ARE WE DOING **THE RIGHT WORK?**

ARE WE HAVING **THE RIGHT IMPACT?**
Analysis of all homicides between 2014 - 2016

**Suspect Profile:** Mainly Black and Latino young men  
**Suspect Age:** Average 26 years old

**Victim Profile:** Mainly Black and Latino young men  
**Victim Age:** Average 33 years old

**Significant Justice Involvement:**  
Both victims and suspects averaged 8 arrest by the time of the homicide. Averaging 5 felony arrest.

- 75% involve gang members as victims or suspects
- 20% of homicides resulted from group-related robberies, drug robberies, burglaries and domestic violence
320k people

Stockton's Population

18k people

Criminal Justice Population

250 people

Very High-Risk Population

Less Than 1% of the criminal justice population
GOALS:
- Reduce non-fatal shootings and homicides citywide
- Decrease recidivism and improve outcomes for those at highest risk of violence
- Strengthen police-community relations and trust
Data-Driven Identification
of the groups and individuals at very highest risk of being involved in gun violence
Engaging those groups & individuals in direct, respectful communication about their risk
Offering support, services & opportunities that focuses first on relationships, trust, and safety.
Focused Enforcement

on those who continue to engage in violence
