STOREFRONT BEAUTIFICATION MICRO GRANT PROGRAM GUIDELINES

1.0 MISSION AND OBJECTIVES
The City of Stockton has established a micro grant program to provide funds for minor storefront improvements to commercial businesses located in the City’s limits. The mission of the Storefront Beautification Micro Grant Program (SBMGP) is to assist with transforming commercial corridors into visually appealing neighborhood destinations. The SBMGP guidelines have been formally adopted by the City of Stockton and are in conformance with the U.S. Department of Housing and Urban Development (HUD) regulations pertaining to the use of the Community Development Block Grant (CDBG) funds. This program supports small business retention/development and neighborhood revitalization which coincides with the goals of the City of Stockton, Economic Development Strategic Plan.

2.0 BUSINESS ASSISTANCE PROGRAM OVERVIEW

2.1 TYPE OF ASSISTANCE
The City of Stockton will reimburse up to a maximum of $2,000 in the form of a grant for storefront improvements and shall be approved and awarded by the Economic Development Department, upon staff review and recommendation.

2.2 SOURCE OF PROGRAM FUNDS
The SBMGP is capitalized with Community Development Block Grant (CDBG) funds provided by HUD to the City of Stockton. CDBG funds are federal funds and as such have several federal requirements that must be met, as described below. Due to the availability of other incentive programs specifically targeted to Downtown Stockton, a cap (not a set-aside) of $8,000 per fiscal year will be available to applicants within the boundaries of the Downtown Stockton Management District area.

The City of Stockton is required to completed the proper NEPA review, along with any state review under California’s Environmental Quality Act (CEQA) review. The ERR level of review is based on the type of project proposed and all aggregated activities to be undertaken.

The ERR will be done as soon as the City of Stockton determines that the project is eligible for funding. No costs will be charged to the applicant for this process. Once an application is submitted, no activities can be performed on the project until completion of the ERR.

Required DUNs number, verification of not being on federal debarred list, and insurance. All businesses who wish to receive funds under this Program will be required to obtain a DUN’s number. The DUN’s number is free and can be obtained online at www.dnb.com. As noted earlier, HUD also requires that the City of Stockton collect certain income and demographic data from the business. Cost Estimates require that applicants submit a minimum of two cost estimates to determine cost reasonableness for the project as defined.
