## Message From the Mayor

As Mayor of the City of Stockton, I am requesting citizens to step up and help the City in this time of unprecedented budget crisis. The City Council has enthusiastically voiced their support of this program. We are engaging the entire community and encouraging everyone to get involved and help us find solutions that meet the needs of our community. Volunteerism is encouraged, looking out for your neighbor and taking personal responsibility where individuals can make a difference. We are partnering with all community organizations—schools, churches, non-profits—to provide support services and help individuals and families get through these difficult times.

## Mission Statement

The **VISTAS** Program Is To Provide A Legion Of Dedicated Volunteers To Work On Targeted Projects Throughout The City.
